

# MMG SPONSORSHIP PROGRAM - APPLICATION KIT

## WHO WE ARE

MMG is a mid-tier global resources company that mines, explores and develops base metal deposits around the world. MMG operates the Dugald River Mine 65km from Cloncurry in north-west Queensland - one of the world's highest-grade known zinc deposits.

MMG officially opened the Dugald River Mine in November 2017.

The mine includes:

- Mine production of 1.7Mtpa
- Annual production of approximately 170,000 tonnes of zinc in zinc concentrate, with an estimated 25 year mine life

MMG Dugald River will be one of the top ten zinc mines globally once fully operational.

At MMG we mine for progress - this includes progress that provides real and lasting benefits to the communities in which we operate.

- One way that MMG Dugald River does this is through our Community Sponsorship Program.

## ABOUT THE SPONSORSHIP PROGRAM

Our sponsorship program primarily provides assistance to not-for-profit community groups and organisations that contribute to the social, educational, health, sporting, economic and cultural development of north-west Queensland. In order to maximise the spread of investment, sponsorship amounts are generally around \$5000, however consideration for greater grants can be given for projects deemed of significant value to the community.

We focus our support on events and activities within the Cloncurry and Mount Isa local government areas as these are the communities where we operate. We will work with these councils to help identify specific areas of community concern, and work to target investment decisions accordingly.

Across all MMG operations, both in Australia and abroad, our community investment is aligned to the following 4 pillars:

<b>Essentials for Life</b>	Access to clean water and reliable sources of food are essentials for life.	MMG works with communities, governments and partners to ensure our communities have access to clean water and food security. We invest in community programs which deliver and assure these life essentials.
<b>Health and Wellbeing</b>	The health and wellbeing of our communities is a priority.	MMG helps establish and strengthen health and wellbeing programs for our local communities.
<b>Securing Incomes</b>	MMG recognises the importance of creating sustainable economic benefits for our communities.	MMG helps to build secure incomes by focusing on training and local employment; and strengthening local business capabilities to supply goods and services to existing and new markets.
<b>Education</b>	Education is a cornerstone of community development and an enduring asset.	MMG works with governments and communities to improve access to quality education. We focus on early years of schooling, improving literacy and numeracy and providing scholarships for students to participate in secondary and further education.

Applications to MMG support, either financial or in-kind, must correlate to one or more of these pillars in order to be considered.

## APPLICATION PROCESS

MMG Dugald River has a limited sponsorship budget and must ensure its investment efforts are targeted to maximise the benefit to the communities in which we operate, whilst meeting community investment criteria.

Two funding rounds will be offered per calendar year. The first round of funding accepts applications between **March 01 to March 31**, and the second between **September 01 to September 30**.

### Applicants must:

- Apply during the funding round period
- Complete the attached application form in full
  - Applications in any other format will not be considered
  - Incomplete applications will not be considered
  - Additional supporting documentation can be supplied if relevant
- Allow appropriate time for consideration of their application (see below 'How We Assess Applications')

## HOW WE ASSESS APPLICATIONS

MMG commits to undertaking a transparent, three stage assessment process; being

### 1. Internal assessment

MMG Dugald River Community and Stakeholder Partnerships (CSP) department will assess all applications - ensuring they align with the principles and objectives of MMG, as well as fulfil identified needs within the community. The application, along with comments from the CSP department will be provided to the Community Consultative Committee (CCC), for consideration at the next available meeting if possible. Requests for additional information from applicants may be made in order to assist in the assessment.

### 2. External consultation

Where possible, applications will be tabled for review and consideration at the CCC, providing opportunity for input from members of the CCC. Comments, insights, and recommendations (where appropriate) will be captured and provided to MMG Dugald River management.

### 3. Approval

The results of the internal assessment and external consultation will be compiled, and recommendations put to MMG Dugald River management for decision. Final decision with respect to success or level of investment is at the discretion of MMG Dugald River SSE / Operations Manager.

Notification may take up to six weeks.

Once an application has been approved by the Dugald River Management, a Memorandum of Understanding (MoU) may be developed between the applicants and MMG Dugald River. This MoU, if required, will specify the terms of the agreement – including individual responsibilities for each party. Whilst MoU's may vary, the terms will generally include promotional requirements (including provision of photographic images or similar approved for use by MMG).
